Dear Mr Strzech!

On behalf of the Business Software Alliance I would like to take the opportunity to thank you personally for your contribution to the current "Zrob to SAMo" project in Poland. The successful conduction of the recent seminar in Warsaw would have been impossible without the dedication and commitment of partners like you.

Looking forward, we hope that the next SAM seminar on 30<sup>th</sup> of September 2009 will be equally successful and – having learned from the previous event - BSA will do its best to provide a high quality of audiovisual recording.

"Zrob to SAMo" has already a reputation among BSA and its worldwide members for being a perfect example of public-private partnership and I am sure our partners in Poland will benefit from this project! Therefore we are looking forward to working closely with you in the future - especially as we are promoting the advantages of SAM in the Polish public sector.

Again, thank you very much for your participation and ongoing support!

Yours sincerely,

Georg Herrleben
